ARRANGEMENT OF REGULATIONS**

REGULATION

PART I – PRELIMINARY

1. Citation and commencement
2. Application
3. Purpose of these Regulations
4. Interpretation

PART II – OBJECTIVES AND GENERAL PRINCIPLES

5. Objectives of these Regulations
6. General principles governing the administration of fees
7. Power of the Authority to review and adjust fees
8. Binding effect of Schedules

PART III – LICENSING & ADMINISTRATIVE FEES

9. Imposition of licensing and administrative fees
10. Application fees
11. Renewal fees
12. Amendment or variation fees
13. Inspection fees
14. Recovery of enforcement and compliance-related costs
15. Type-approval and equipment authorisation fees
16. Fees for numbering, coding, signal identification and related resources
17. Administrative fees for installers, technicians and service providers
18. Payment of licensing and administrative fees
19. Receipts and acknowledgement of payment
20. Waiver or reduction of fees
21. Publication of administrative fee guidelines
22. Annual review of administrative fees

PART IV – ANNUAL REGULATORY FEES

23. Imposition of annual regulatory fees
24. Basis for calculation of annual regulatory fees
25. Submission of audited financial statements
26. Submission of management accounts
27. Verification and audit of financial information
28. Payment of annual regulatory fees

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

29. Late payment penalties
30. Non-payment and regulatory action
31. New licensees and commencement of operations
32. Multi-service and multi-licence operators
33. Adjustments and refunds
34. Publication of annual regulatory fee guidelines
35. Sector-specific regulatory fees
36. Revenue sharing and retention of fees
37. Gateway Traffic Measurement & Revenue Assurance System fees
38. Non-derogation and supremacy of Unified Fees Regulations on all fee matters

PART V – SPECTRUM FEES

39. Imposition of spectrum fees
40. Basis for determining spectrum fees
41. Spectrum assignment and renewal fees
42. Annual spectrum usage fees
43. Microwave, access and link fees
44. Temporary spectrum assignments
45. Submission of technical information
46. Spectrum audits and verification
47. Payment and revenue sharing
48. Review of spectrum fees
49. Spectrum Fee Schedule

PART VI – TRANSITIONAL, SAVINGS AND REPEAL PROVISIONS

50. Transitional application of these Regulations
51. Continuity of obligations
52. Preservation of fees incorporated into these Regulations
53. Validity of the Gateway Traffic Measurement & Revenue Assurance System Regulations, 2025
54. Supersession and repeal
55. Saving of acts done
56. Power to resolve transitional issues
57. Repeal and savings

SCHEDULES

Schedule 1 — Telecommunications & Broadcasting Services Fees

Schedule 2 — Spectrum Fees

Schedule 3 — ICT Infrastructure, Passive Infrastructure, Radio Communications Equipment & Type Approval Fees

Draft

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

**PUBLIC UTILITIES REGULATORY AUTHORITY ACT
CAP. 32:05 VOL. 5 LAWS OF THE GAMBIA, 2009
PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

IN EXERCISE of the powers conferred on the Minister responsible for the Public Utilities Regulatory Authority by section 54(1) and on the advice of the Authority, these Regulations are made.

PART I – PRELIMINARY

1. Citation and Commencement

- (1) These Regulations may be cited as the **Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026**.
- (2) These Regulations shall come into force on such date as the Minister may appoint by Notice published in the Gazette.

2. Application

- (1) These Regulations apply to **all fees, charges and levies** imposed or administered by the Public Utilities Regulatory Authority (PURA) in respect of:
 - a. telecommunications and electronic communications services;
 - b. broadcasting and related content distribution services;
 - c. electricity generation, transmission, distribution and supply;
 - d. water production, transmission, distribution and supply;
 - e. sewerage and wastewater services;
 - f. petroleum and other regulated downstream energy activities; and
 - g. any other sector or activity placed under the regulatory mandate of PURA from time to time under the Act or any other written law.
- (2) Subject to sub-regulation (3), these Regulations shall govern –
 - a. application and licensing fees;
 - b. administrative and inspection fees;
 - c. annual regulatory (turnover-based) fees;
 - d. spectrum and frequency-related fees; and
 - e. such other fees as may be specified in the Schedules to these Regulations.
- (3) Where there is any inconsistency between these Regulations and any previous fee instrument or schedule made under sector-specific legislation, **these Regulations shall prevail**, to the extent of the inconsistency.

PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS, 2026

(4) Nothing in these Regulations shall be construed as limiting the power of PURA to impose, waive, review or adjust fees in accordance with the Act and these Regulations, within the ceilings and principles set out herein.

3. Purpose of these Regulations

The purpose of these Regulations is to –

- a. establish a **single, coherent and transparent framework** for the imposition, computation, payment and administration of fees across all sectors regulated by PURA;
- b. ensure **that annual regulatory fees are charged on a clear and consistent basis**, using sector-specific rates not exceeding **one point five per cent (1.5%) of gross revenue**, as set out in the Schedules;
- c. support PURA's **financial sustainability and operational independence**, in line with good regulatory governance;
- d. harmonise definitions, processes and procedures relating to fees, thereby enhancing **predictability and certainty** for licensees and investors; and
- e. facilitate **digitisation and automation** of PURA's billing, invoicing, collection and reporting systems; and
- f. prescribe licence fees, regulatory charges, administrative fees, inspection and compliance fees, enforcement-related charges and other fees payable to the Authority under the Public Utilities Regulatory Authority Act, including **section 43 of the Act**, which recognises licence fees and other fees and charges as forming part of the funds of the Authority.

4. Interpretation

In these Regulations, unless the context otherwise requires –

“**Act**” means the Public Utilities Regulatory Authority Act;

“**Authority**” or “**PURA**” means the Public Utilities Regulatory Authority established under the Act;

“**Board**” means the Board of Directors of the Authority as established under the Act;

“**administrative fee**” means any fee payable to the Authority in respect of the processing of an application, renewal, amendment, inspection, type-approval or other administrative service, and includes any fee described as an application fee, renewal application fee, inspection fee or processing fee;

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

“annual regulatory fee” means the annual fee payable by a licensee to the Authority, calculated as a percentage of the licensee’s gross revenue at the applicable sector rate prescribed in the Schedules, and intended to cover the costs of regulation, oversight and enforcement carried out by the Authority under the Act;

“applicable sector rate” means the percentage rate specified in the relevant Sector Schedule to these Regulations, which in no case shall exceed one point five per cent (1.5%) of gross revenue;

“authorisation” includes any licence, permit, registration, approval, exemption, concession or similar instrument issued or administered by the Authority under the Act or any other written law;

“financial year” means the financial year of the licensee, as disclosed in its audited financial statements;

“gross revenue” means the total revenue of a licensee derived from the provision of regulated services within The Gambia during the relevant financial year, before any deductions, and –

- a. includes all amounts billed or billable for services rendered, whether actually collected or not, and any revenue from access, interconnection, roaming, infrastructure sharing, capacity leasing or other regulated activities; but
- b. excludes –
 - i. any value added tax (VAT) or similar indirect consumption tax that is clearly identified on customer invoices and collected on behalf of Government;
 - ii. any rebates or discounts actually credited to customers; and
 - iii. any deposits or advances that are refundable and have in fact been refunded;

“licensee” means any person or entity that holds an authorisation issued by or under the supervision of the Authority in respect of any regulated service or activity;

“licence fee” means a fee payable for the grant or renewal of a licence issued by the Authority under the Act or any other written law;

“management accounts” means unaudited financial statements prepared internally by or on behalf of the Licensee for a specified period, and signed by at least the chief executive officer and the officer responsible for finance;

“Minister” means the Minister responsible for the sector under which the Authority falls, as designated under the Act;

“regulated service” means any service, activity or operation falling within the mandate of the Authority under the Act or under any other written law;

“Sector Schedule” means a Schedule to these Regulations that sets out the specific fees, rates or formulas applicable to a particular sector or class of services (including telecommunications, broadcasting, petroleum, electricity, water, sewerage, renewable energy or spectrum);

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

“**spectrum fee**” means any fee imposed by the Authority for the use of radio frequency spectrum, including any fee calculated using the formulas set out in the Spectrum Schedules to these Regulations;

“**utility service provider**” means any Licensee providing electricity, water, sewerage, petroleum downstream services or any other public utility service regulated by the Authority.

For the avoidance of doubt, licence fees, regulatory charges, administrative fees, inspection fees, compliance fees, enforcement-related charges and other fees prescribed under these Regulations constitute fees and charges payable to the Authority within the meaning of section 43 of the Act.

PART II – OBJECTIVES AND GENERAL PRINCIPLES

5. Objectives of these Regulations

The objectives of these Regulations are to –

- (1) **establish a unified, transparent and predictable framework** for the computation, imposition, payment and administration of all fees charged by the Authority across all regulated sectors;
- (2) ensure that all licensees contribute equitably to the cost of regulation through the payment of annual regulatory fees based on gross revenue, subject to sector-specific ceilings that shall not exceed one point five per cent (1.5%) as prescribed in these Regulations;
- (3) harmonise and consolidate previously fragmented fee provisions into a single, coherent system, thereby improving regulatory certainty and ease of compliance for both new and existing operators;
- (4) promote the financial sustainability and operational independence of the Authority in the discharge of its statutory mandate, consistent with sound principles of regulatory governance;
- (5) standardise and strengthen the Authority’s approach to licensing, billing, invoicing, collection, reporting and reconciliation across all sectors;
- (6) support the Authority’s implementation of digitalised and automated fee administration systems, enabling electronic submissions, notifications, invoicing and payments;
- (7) ensure consistency and fairness in the treatment of licensees by applying clear, non-discriminatory and objectively defined principles in the setting, administration and adjustment of fees; and

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (8) ensure that fee structures encourage efficiency, market development, universal access, consumer protection, and the broader public interest objectives set out in the Act and other enabling legislation.

6. General principles governing the administration of fees

In the administration of fees under these Regulations, the following principles shall apply:

- (1) **Legal certainty:** Fees shall be imposed strictly in accordance with the Act and these Regulations, and no fee shall be charged unless expressly provided for herein or in a Schedule.
- (2) **Transparency:** The Authority shall ensure that all applicable fees, formulas, schedules and computation methods are publicly available and easily accessible.
- (3) **Fairness and proportionality:** Fee levels shall be commensurate with the level of regulatory oversight required and shall take into account differences in market size, operational scale, and sector dynamics.
- (4) **Uniform application:** The Authority shall apply these Regulations consistently across all licensees within the same sector or class of service.
- (5) **Predictability:** Any revision or adjustment of fees shall be preceded by reasonable notice and, where appropriate, consultation with affected stakeholders.
- (6) **Integrity of revenue reporting:** All licensees shall provide complete, accurate and timely financial information, including audited financial statements and management accounts, for the purpose of fee computation.
- (7) **Non-deductibility of costs:** For the avoidance of doubt, no deductions of any kind, including interconnection charges, statutory taxes, bad debt, operating expenses, or any other cost shall be applied in determining gross revenue for the computation of annual regulatory fees, except where expressly provided in these Regulations or a Sector Schedule.
- (8) **Accountability:** The Authority shall maintain proper records of assessments, invoices, payments, penalties and reconciliations, and may conduct audits or inspections to verify compliance.
- (9) **Sector-specific alignment:** While the unified framework applies across all sectors, each Sector Schedule may prescribe distinct fees, ceilings or formulas where justified by the nature of the regulated activity.
- (10) **User-pays principle:** Licensees benefiting from regulatory oversight, spectrum access, licensing, inspections or administrative services shall bear the cost of such oversight through the relevant fees.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (11) **Digital compliance:** The Authority may specify electronic platforms, portals, forms or payment systems for the submission of financial information and payment of fees.

7. Power of the Authority to review and adjust fees

- (1) The Authority may, from time to time, review and adjust any fee, percentage rate, schedule or formula prescribed in these Regulations.
- (2) No adjustment shall –
- a. exceed the sector-specific ceiling set out in these Regulations; or
 - b. take effect unless approved in accordance with the Act.
- (3) The Authority may issue guidelines or directives prescribing the methodology for calculation, billing, payment or verification of fees.

8. Binding effect of Schedules

- (1) The Schedules to these Regulations form an integral part of these Regulations.
- (2) In the event of inconsistency between a Schedule and the substantive text, the substantive text shall prevail.
- (3) Sector Schedules may provide for:
- a. differentiated percentage rates;
 - b. flat fees for certain classes of licensee;
 - c. formulas for spectrum or technical authorisations;
 - d. unique sector-specific administrative fees;
 - e. classification of operators by market size, scope or service type.

PART III – LICENSING & ADMINISTRATIVE FEES

9. Imposition of licensing and administrative fees

- (1) A licensee or applicant shall pay the licensing and administrative fees prescribed under these Regulations and the applicable Sector Schedule.
- (2) Licensing and administrative fees include –
- a. application fees;
 - b. renewal application fees;
 - c. amendment or variation fees;
 - d. inspection fees;
 - e. type-approval and equipment authorisation fees;
 - f. numbering, certification or registration fees;
 - g. site, station or facility approval fees; and
 - h. any other administrative fee prescribed by the Authority.
- (3) Licensing and administrative fees are non-refundable, except where expressly stated otherwise in a Sector Schedule.

10. Application fees

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (1) Every applicant for a licence, authorisation, permit or approval issued by the Authority shall pay the application fee specified in the relevant Sector Schedule at the time the application is submitted.
- (2) An application shall not be processed unless the Authority has received the prescribed fee.
- (3) Payment of an application fee does not guarantee that the Authority will grant the licence or authorisation.

11. Renewal fees

- (1) A licensee applying to renew a licence or authorisation shall pay the renewal application fee specified in the applicable Sector Schedule.
- (2) Renewal fees must be paid before the expiry of the existing licence, failing which the Authority may impose a penalty or refuse to renew the licence.

12. Amendment or variation fees

- (1) A licensee seeking an amendment, modification or variation of a licence condition, technical parameter, coverage requirement, or service classification shall pay the fee prescribed in the applicable Sector Schedule.
- (2) The Authority may waive or reduce amendment fees in cases of—
 - a. changes initiated by the Authority;
 - b. public interest considerations;
 - c. administrative corrections or clerical amendments that do not affect licence rights or obligations.

13. Inspection fees

- (1) The Authority shall not levy fees for routine inspections carried out as part of its general regulatory oversight, as such costs are covered under the annual regulatory fees.
- (2) The Authority may, however, levy fees for special, technical or non-routine inspections, including—
 - a. pre-licensing or pre-commissioning inspections;
 - b. inspections requested by a licensee;
 - c. inspections arising from incidents, system failures, or safety concerns;
 - d. inspections requiring specialised technical expertise, equipment or third-party services.
- (3) Where an inspection is necessitated by a breach of the Act, licence conditions, or any regulatory instrument, the Authority shall recover the full reasonable cost of such inspection from the responsible licensee.
- (4) For the avoidance of doubt—
 - a. routine inspections shall not attract separate fees;
 - b. cost-recovery fees shall apply only to inspections falling under sub-regulations (2) and (3); and

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- c. no Licensee shall be charged both an inspection fee and an enforcement or compliance-related cost for the same activity, unless such activities are distinct in nature.

14. Recovery of enforcement and compliance-related costs

- (1) Where the Authority incurs costs in the course of—
 - a. inspections, investigations or audits;
 - b. monitoring compliance with licence conditions or regulatory obligations;
 - c. verification of compliance with a compliance notice or corrective directive issued under the Enforcement Regulations; or
 - d. any enforcement action arising from non-compliance with the Act or subsidiary legislation,

the Authority may recover such reasonable costs from the regulated person in accordance with the applicable fees prescribed under these Regulations and the relevant Sector Schedule.

- (2) Costs recoverable under this regulation may include—
 - a. inspection and re-inspection fees;
 - b. compliance audits and verification visits;
 - c. sampling, testing and laboratory analysis fees;
 - d. technical, financial or expert assessment costs reasonably incurred by the Authority; and
 - e. any other enforcement-related administrative cost specified in a Schedule.

- (3) Fees recovered under this regulation are administrative in nature and are payable independently of any administrative penalty imposed under the Enforcement Regulations.

15. Type-approval and equipment authorisation fees

- (1) A person shall not import, sell, install or operate any equipment subject to type-approval unless the prescribed type-approval fee has been paid.
- (2) The Authority shall publish guidelines on type-approval categories, applicable fees, and technical standards.

16. Fees for numbering, coding, signal identification and related resources

- (1) The Authority may impose fees for the allocation, assignment or renewal of –
 - a. numbering resources;
 - b. short codes;
 - c. caller identification resources;
 - d. maritime or aeronautical identifiers;
 - e. any other resource administered by the Authority.

- (2) Fees shall be as set out in the applicable Sector Schedule.

17. Administrative fees for installers, technicians and service providers

- (1) The Authority may impose application, renewal and certification fees on –

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- a. installers;
- b. maintenance technicians;
- c. contractors;
- d. service providers requiring technical registration.

(2) These fees shall be payable in accordance with the specific categories and rates stated in the Sector Schedules.

18. Payment of licensing and administrative fees

- (1) Licensing and administrative fees shall be paid at the time the service is requested.
- (2) The Authority may specify acceptable payment channels, including digital platforms, mobile money, bank transfer or such other means as may be approved.

19. Receipts and acknowledgement of payment

- (1) The Authority shall issue a receipt or digital confirmation for every fee paid.
- (2) A receipt shall not constitute approval of the licence or authorisation unless expressly stated.

20. Waiver or reduction of fees

- (1) The Authority may waive, defer or reduce a fee where –
 - a. it is in the public interest;
 - b. it promotes investment or innovation;
 - c. it assists small or community-based operators;
 - d. the Authority initiates a change requiring an amendment or re-issuance of a licence.
- (2) A waiver or reduction shall not apply to annual regulatory fees unless explicitly authorised by the Board.

21. Publication of administrative fee guidelines

The Authority may publish guidelines prescribing –

- a. procedures for applying for licences;
- b. timelines for processing;
- c. documentation requirements;
- d. applicable administrative fees; and
- e. any forms or templates to be used.

22. Annual review of administrative fees

- (1) The Authority may review licensing and administrative fees annually.
- (2) Adjustments shall take into account –
 - a. operational costs of regulation;
 - b. inflationary movements;

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- c. sector developments; and
- d. any legal directives issued under the Act.

(3) Revised fees shall take effect only after publication in the Gazette.

PART IV – ANNUAL REGULATORY FEES

23. Imposition of annual regulatory fees

- (1) Every Licensee shall pay to the Authority an annual regulatory fee calculated in accordance with these Regulations and the applicable Sector Schedule.
- (2) The applicable sector rate shall not exceed one point five per cent (1.5%) of gross revenue, except where a lower ceiling is specified in a Sector Schedule.
- (3) Annual regulatory fees shall apply in respect of each financial year in which a licensee operates or is authorised to operate, and shall be assessed in accordance with Regulations 24 and 31.

24. Basis for calculation of annual regulatory fees

- (1) Annual regulatory fees shall be calculated subject to Regulations 31 as –

Annual Regulatory Fee = Applicable Sector Rate × Gross Revenue

- (2) Gross revenue shall be determined in accordance with the definition set out in regulation 4.
- (3) For the avoidance of doubt –
 - a. no deductions shall be permitted for interconnection charges, taxes, bad debt, discounts, operating costs, subsidies, infrastructure sharing payments, or any other expenses unless expressly permitted in a Sector Schedule;
 - b. licensees shall declare revenue from all regulated services, including bundled services;
 - c. revenue shall be declared **net of VAT** only where VAT is explicitly itemised and collected on behalf of Government.

25. Submission of audited financial statements

- (1) Every Licensee shall submit to the Authority its audited financial statements (AFS) for the financial year within 90 days of the end of that year or within such extended period as the Authority may approve.
- (2) Audited financial statements shall –
 - a. be prepared in accordance with—
 - (i) the International Financial Reporting Standards (IFRS); or

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (ii) the International Public Sector Accounting Standards (IPSAS), where applicable; or
- (iii) such other internationally recognised accounting standards as may be approved by the Authority;
 - b. include the auditor's signed opinion;
 - c. clearly identify revenue earned from regulated services within The Gambia.
 - d. AFS submitted shall be accompanied by a Revenue Declaration Form in the format prescribed in Schedule 10.

26. Submission of management accounts

- (1) Where a licensee is unable to submit audited financial statements within the period specified, the licensee shall submit management accounts for the period, together with a written explanation for the delay.
- (2) Management accounts shall be –
 - a. signed by the chief executive officer and the officer responsible for finance;
 - b. prepared in accordance with generally accepted accounting principles;
 - c. replaced by audited financial statements as soon as they become available.
- (3) The Authority may use management accounts to compute annual regulatory fees pending the submission of audited financial statements.

27. Verification and audit of financial information

- (1) The Authority may –
 - a. require a licensee to provide supporting documents or clarifications;
 - b. conduct an audit or inspection of financial records;
 - c. appoint an independent auditor to verify declared revenue.
- (2) Where the Authority determines that revenue was under-declared, the Licensee shall –
 - a. pay the difference between the fee paid and the fee properly due;
 - b. pay interest and penalties in accordance with these Regulations; and
 - c. bear any costs associated with independent verification.

28. Payment of annual regulatory fees

- (1) Annual regulatory fees shall be paid –
 - a. in full within 30 days of invoice; or
 - b. in such instalments as the Authority may approve in writing.
- (2) Payment may be made through any channel specified by the Authority, including electronic or digital platforms.
- (3) Proof of payment must be submitted to the Authority within two working days after payment.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

29. Late payment penalties

- (1) A licensee that fails to pay annual regulatory fees by the due date shall be liable to –
 - a. a late payment penalty of ten per cent (10%) of the amount due; and
 - b. an additional two per cent (2%) interest per month or part thereof until the amount is fully paid.
- (2) Penalties and interest shall form part of the regulatory fees owed and shall be recoverable as such.

30. Non-payment and regulatory action

- (1) Where a licensee fails to pay annual regulatory fees, penalties or interest, the Authority may –
 - a. issue a notice of default;
 - b. make recommendations to the appropriate authority for the suspension or restriction of the licence;
 - c. recommend refusal of licence renewal;
 - d. recommend revocation of the Licence in accordance with the Act; or
 - e. take legal action to recover the fees owed.
- (2) The Authority may publish the names of non-compliant licensees.

31. New licensees and commencement of operations

- (1) Annual regulatory fees shall be assessed based on the gross revenue declared in the licensee's audited financial statements for the relevant financial year.
- (2) A licensee that commences operations during a financial year shall—
 - (a) submit financial statements reflecting the actual revenue generated during the period of operation within the financial year; and
 - (b) pay annual regulatory fees based on such revenue.
- (3) Where audited financial statements are not yet available, the Authority may rely on management accounts, subject to reconciliation upon submission of audited accounts.
- (4) Notwithstanding sub-regulation (2), the Authority may—
 - (a) impose a minimum annual regulatory fee; or
 - (b) apply a flat or simplified fee structure,for—
 - (i) new licensees;
 - (ii) small, community-based or emerging operators; or
 - (iii) licensees with minimal or no revenue during the initial phase of operations,where necessary to ensure fairness, administrative efficiency, and cost recovery.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (5) A licensee that holds a licence but has not commenced operations may be subject to a minimum annual regulatory fee, as determined by the Authority.
- (6) A licensee shall notify the Authority in writing of the date it commences commercial operations.

32. Multi-service and multi-licence operators

- (1) A licensee providing more than one regulated service shall –
 - a. maintain separate revenue accounts for each service; and
 - b. compute regulatory fees for each service in accordance with the relevant Sector Schedule.
- (2) Where service-specific revenue cannot be clearly separated, the Authority may determine the appropriate allocation method.

33. Adjustments and refunds

- (1) Where the Authority determines that fees have been overpaid, the excess may be refunded or credited against future obligations.
- (2) The Authority shall not refund fees arising from—
 - a. fraudulent, misleading or wilfully false declarations; or
 - b. deliberate misclassification of services or revenue.
- (3) Notwithstanding sub-regulation (2), the Authority may allow adjustments or refunds where the error—
 - a. is genuine, inadvertent and supported by evidence; and
 - b. is promptly disclosed by the licensee.

34. Publication of annual regulatory fee guidelines

- (1) The Authority may issue guidelines on –
 - a. applicable sector rates;
 - b. procedures for declaring revenue;
 - c. invoicing and payment arrangements;
 - d. audit and verification requirements; and
 - e. templates for declarations and submissions.

35. Sector-specific regulatory fees

- (1) Sector-specific annual regulatory fees shall be as set out in the Schedules.
- (2) A Sector Schedule may prescribe –
 - a. a percentage rate not exceeding 1.5%;
 - b. a lower rate for particular classes of licensees;
 - c. minimum annual regulatory fees, including for new or low-revenue operators;
 - d. flat fees for small or community-based operators; and
 - e. alternative fee structures where revenue data is unavailable or insufficient, subject to reconciliation upon submission of audited financial statements.
- (3) Sector Schedules form an integral part of these Regulations.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

36. Revenue sharing and retention of fees

- (1) The Authority shall retain one hundred per cent (100%) of all administrative fees, including but not limited to –
 - a. application fees;
 - b. renewal fees;
 - c. amendment or variation fees;
 - d. inspection fees;
 - e. equipment type-approval and certification fees;
 - f. numbering, coding and resource assignment fees; and
 - g. any other administrative or processing fee specified in these Regulations or the sector Schedules.
- (2) The Authority shall retain one hundred per cent (100%) of the management fee payable to PURA under the Gateway Traffic Measurement and Revenue Assurance System Regulations, 2025, being the 0.3% portion allotted to the Authority.
- (3) The Authority shall retain thirty per cent (30%) of all licence fees and spectrum fees collected under these Regulations.
- (4) The portion retained under sub-regulation (3) shall be applied to support the Authority's regulatory operations, including the cost of regulation across all sectors under its mandate and administrative functions carried out under the Act and these Regulations.
- (5) The remaining portion of such fees shall be remitted to Government in accordance with applicable public finance laws and procedures.

37. Gateway Traffic Measurement & Revenue Assurance System fees

- (1) In addition to the annual regulatory fees payable under these Regulations, every operator to whom the Gateway Traffic Measurement and Revenue Assurance System Regulations, 2025 apply shall pay a management fee for the System in accordance with those Regulations and Schedule 5 to these Regulations.
- (2) The management fee shall be calculated as a percentage of the revenues of each monitored operator, as defined in the Gateway Regulations, and shall be billed and collected in accordance with those Regulations and Schedule 5.

38. Non-derogation and supremacy of Unified Fees Regulations on all fee matters

- (1) These Regulations establish a unified framework for the prescription, computation, collection and administration of all fees payable to the Authority in respect of sectors regulated under the Act.
- (2) Where any other subsidiary legislation administered by the Authority prescribes a fee or charge, such fee or charge shall be interpreted and applied in a manner consistent with these Regulations.
- (3) For the avoidance of doubt, where a fee relating to any regulated activity is reproduced or incorporated in a Schedule to these Regulations, that fee shall be administered in accordance with these Regulations.
- (4) Any future subsidiary legislation made under the Act that prescribes or affects fees payable to the Authority shall, where applicable, be read together with these Regulations and implemented in a manner consistent with the unified fee framework established herein.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (5) In the event of any inconsistency between these Regulations and any other subsidiary legislation administered by the Authority in respect of the computation, administration or recovery of fees, these Regulations shall prevail to the extent of the inconsistency.

PART V — SPECTRUM FEES

39. Imposition of spectrum fees

- (1) A licensee shall pay the spectrum fees prescribed under these Regulations and in the applicable Sector Schedule for –
- a. the assignment, allocation or renewal of radio frequency spectrum;
 - b. the use of any radio frequency or channel within a licensed band;
 - c. the operation of radio transmitting equipment requiring authorisation;
 - d. microwave, access, point-to-point, point-to-multipoint, STL or other links; and
 - e. any other radiocommunications service specified by the Authority.
- (2) Spectrum fees include –
- a. spectrum assignment fees;
 - b. spectrum usage or annual fees;
 - c. link fees calculated using approved formulas;
 - d. administrative processing fees for frequency coordination, interference management and technical planning.

40. Basis for determining spectrum fees

- (1) Spectrum fees shall be determined using –
- a. formulas prescribed in the Spectrum Schedule (Schedule 2);
 - b. band-specific or service-specific tariffs; and
 - c. technical parameters including bandwidth, frequency, power, and geographic coverage.
- (2) In prescribing or applying spectrum fees, the Authority shall take into account –
- a. the scarcity and economic value of spectrum resources;
 - b. the need to promote efficient spectrum use;
 - c. market structure and competitive neutrality;
 - d. international coordination requirements; and
 - e. public interest considerations.
- (3) For the avoidance of doubt, spectrum fees may differ across bands or service categories to reflect scarcity, propagation characteristics, interference potential and other technical factors.

41. Spectrum assignment and renewal fees

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (1) A licensee assigned radio frequency spectrum shall pay the spectrum assignment fee specified in Schedule 2.
- (2) Spectrum assignment fees shall be payable –
 - a. upon initial assignment;
 - b. upon renewal of the spectrum licence; or
 - c. upon variation of the assigned bandwidth or operating parameters.
- (3) Renewal spectrum fees may be adjusted to reflect changes in spectrum valuation, usage, congestion or policy direction.

42. Annual spectrum usage fees

- (1) A licensee using spectrum shall pay annual spectrum usage fees in accordance with Schedule 2.
- (2) Annual fees may be calculated as –
 - a. a formula incorporating frequency, bandwidth, power and geographic coverage; or
 - b. a fixed tariff per link, per MHz or per assigned unit.
- (3) Annual spectrum fees shall be payable for every year or part thereof during which the spectrum is held, whether or not utilised.

43. Microwave, access and link fees

- (1) Spectrum fees applicable to microwave links, access links, STL links and similar radio systems shall be calculated using the link fee formulas set out in Schedule 2.
- (2) The Authority may publish technical guidelines specifying link distance, bandwidth, modulation and availability requirements that apply to such fees.

44. Temporary spectrum assignments

- (1) The Authority may assign spectrum on a temporary basis for –
 - a. events and special broadcasts;
 - b. testing and trials;
 - c. emergency operations; or
 - d. such other purposes as the Authority may approve.
- (2) Temporary spectrum assignment fees shall be as prescribed in Schedule 2 or in guidelines issued by the Authority.

45. Submission of technical information

- (1) Licensees shall submit all technical information required for the calculation, verification, and administration of spectrum fees.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (2) The Authority may require submission of additional data relating to –
- a. equipment characteristics;
 - b. transmitter locations;
 - c. power levels;
 - d. antenna types;
 - e. link budgets;
 - f. network topology.

46. Spectrum audits and verification

- (1) The Authority may conduct spectrum audits or site inspections to verify technical compliance and fee assessments.
- (2) Where the Authority determines that –
- a. spectrum is used outside authorised parameters;
 - b. unlicensed frequencies are operated; or
 - c. bandwidth exceeds authorised limits;

the Authority may impose additional fees, penalties or enforcement actions in accordance with these Regulations.

47. Payment and revenue sharing

- (1) Spectrum fees shall be paid within the period specified in the invoice issued by the Authority.
- (2) In accordance with regulation 36 –
- a. PURA shall retain a percentage of all spectrum assignment and spectrum usage fees; and
 - b. the remaining percentage of assignment and spectrum usage fees shall be remitted to Government through the designated revenue authority.
- (3) All other administrative or processing fees related to spectrum, including coordination fees and type-approval fees, shall be retained one hundred percent (100%) by the Authority.

48. Review of spectrum fees

- (1) The Authority may review spectrum fees periodically to reflect –
- a. spectrum scarcity and demand;
 - b. changes in technology;
 - c. international harmonisation;
 - d. policy evolution; and
 - e. public interest considerations.
- (2) Revised spectrum fees shall be published in the Gazette before they take effect.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

49. Spectrum Fee Schedule

- (1) The formulas, tariffs, band-specific rates and link fees applicable to spectrum shall be set out in Schedule 2 to these Regulations.
- (2) The Spectrum Schedule forms an integral part of these Regulations and may be amended in accordance with the procedures prescribed in the Act.

**PART VI — TRANSITIONAL, SAVINGS AND REPEAL
PROVISIONS**

50. Transitional application of these Regulations

- (1) These Regulations shall apply to –
 - a. all licences, authorisations, permits, spectrum assignments and administrative processes that are newly issued after their commencement; and
 - b. all existing licensees, except as otherwise provided in this Part.
- (2) Fees for the first year shall be assessed based on revenue generated during the period of operation within the financial year, or, where such revenue is not yet available, in accordance with Regulation 31(4).
- (3) Any application, renewal, amendment request or administrative process pending on the date of commencement shall continue under these Regulations, except where the Authority determines that applying these Regulations would cause manifest unfairness.

51. Continuity of obligations

- (1) Any fee, levy or charge validly payable to the Authority before the commencement of these Regulations remains payable notwithstanding their repeal or replacement.
- (2) Any penalty, interest or enforcement action accrued under a previous regulatory instrument may be continued, recovered or enforced by the Authority as if these Regulations had not been made.

52. Preservation of fees incorporated into these Regulations

- (1) Where a fee prescribed under any other regulation has been reproduced, incorporated or reflected in these Regulations (including in a Schedule), that fee shall be deemed to form part of these Regulations and shall be administered and enforced under these Regulations.
- (2) Future amendments to any regulation that introduce, revise or affect fees shall not take effect unless they are also reflected in an amendment to these Regulations.

**53. Validity of the Gateway Traffic Measurement & Revenue Assurance System Regulations,
2025**

- (1) The fees prescribed under the Gateway Traffic Measurement & Revenue Assurance System Regulations, 2025 shall remain valid to the extent that they are incorporated in Schedule 5 of these Regulations.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (2) Nothing in these Regulations affects the technical or operational provisions of the Gateway Regulations.
- (3) Any amendment to the Gateway Regulations that introduces, modifies or removes a fee shall not be valid unless the amendment is also made to these Regulations.

54. Supersession and repeal

- (1) From the commencement of these Regulations, all previous fee schedules, administrative circulars, tariff notices, sector-specific fee regulations or instruments relating to fees issued by the Authority are hereby repealed, to the extent of the fee provisions they contain.
- (2) Without limiting sub-regulation (1), any regulation or instrument in force that purports to prescribe –
 - a. licence fees;
 - b. spectrum fees;
 - c. administrative or application fees;
 - d. equipment type-approval fees;
 - e. numbering or resource assignment fees;
 - f. sector-specific monitoring or compliance fees –shall be deemed repealed only in respect of its fee provisions.
- (3) For the avoidance of doubt, the repeal of an instrument under this regulation shall not affect:
 - a. the validity of any licence or authorisation issued under the repealed instrument;
 - b. any technical standard, operational guideline or substantive regulatory condition that does not relate to fees.

55. Saving of acts done

Anything done, any decision made, any licence issued, any fee assessed or any enforcement action commenced under a previous regulatory instrument shall be deemed to have been done under these Regulations.

56. Power to resolve transitional issues

The Authority may issue directives or guidelines to resolve any difficulty arising from the transition from previous fee frameworks to these Regulations.

57. Repeal and Savings

- (1) The Public Utilities (Regulatory and Administrative Fees) Regulations, 2018 are hereby repealed.
- (2) Any fees, obligations or liabilities lawfully incurred under the repealed Regulations shall remain valid and enforceable as if incurred under these Regulations.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (3) Any subsidiary legislation made under the PURA Act prescribing regulatory or administrative fees that is inconsistent with these Regulations is hereby repealed to the extent of the inconsistency.
- (4) Without prejudice to sub-regulation (3), any fee prescribed under any other subsidiary legislation relating to sectors regulated by the Authority that conflicts with a fee prescribed in these Regulations shall, upon the coming into force of these Regulations, be superseded and replaced by the corresponding fee in these Regulations.
- (5) Any licence, authorisation, assignment or approval granted prior to the commencement of these Regulations shall continue in force until its expiry, but the applicable fees upon renewal shall be as prescribed in these Regulations.
- (6) For the avoidance of doubt, nothing in this Regulation shall be construed as repealing any subsidiary legislation made under a different enabling Act; however, the fees prescribed in these Regulations shall apply exclusively to all matters within the mandate of the Authority.

Draft

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

**SCHEDULE 1 — TELECOMMUNICATIONS &
BROADCASTING SERVICES FEES**

(Made under Regulation 9 and 23 of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule sets out the applicable application fees, licence/authorisation fees, annual regulatory fees, and any related spectrum or equipment fees for telecommunications and broadcasting services regulated by the Authority.

Unless otherwise stated, annual regulatory fees shall be up to 1.5% of annual turnover.

Spectrum-related fees referenced in this Schedule shall be calculated in accordance with Schedule 2.

PART A — BROADCASTING SERVICES

A1. Radio Broadcasting Services

Licence Category	Application Fee	Licence Duration (Years)	Annual Licence Fee	Annual Regulatory Fee	Annual Spectrum Fee
Public/Commercial Radio (GBA)	D50,000	5	D100,000	D25,000	See Note 1 (Schedule 2)
Commercial Radio (Rural Areas)	D50,000	5	D50,000	D25,000	See Note 1 (Schedule 2)
Community Radio	D50,000	5	D25,000	D25,000	See Note 1 (Schedule 2)
Institutional/Academic Radio	D50,000	5	D100,000	D25,000	D2,500
Nationwide FM Retransmission	D50,000	5	D150,000	D50,000	D25,000
Studio-Transmitter Link (STL) – Radio	D100,000	5	N/A	D10,000	D10,000

A2. Television Broadcasting Services

Licence Category	Application Fee	Licence Duration (Years)	Annual Licence Fee	Annual Regulatory Fee	Annual Spectrum Fee
Pay-TV Content Provider (Terrestrial)	D100,000	10	D500,000	Up to 1.5% of turnover	N/A
Pay-TV Content Provider (Satellite)	D100,000	10	D300,000	Up to 1.5% of turnover	N/A
Free-to-Air TV Content Provider (Terrestrial)	D100,000	10	D300,000	Up to 1.5% of turnover	N/A
Free-to-Air TV Content Provider (Satellite)	D100,000	10	D300,000	Up to 1.5% of turnover	N/A

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

IPTV Content Provider	D100,000	10	D50,000	Up to 1.5% of turnover	N/A
DTT Signal Distributor	D100,000	15	D750,000	Up to 1.5% of turnover	As per Schedule 2

PART B — CORE TELECOMMUNICATION SERVICES

B1. Fixed Line / National Backbone Operator

Licence category	Application Fees	Duration of Licence	License/authorization Fees	Annual Regulatory Fees	Annual spectrum fees
Fixed Line Operator	D100,000	20	\$500,000.00	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)

B2. International Gateway Operators

Licence category	Application Fees	Duration of Licence	License/authorization Fees	Annual Regulatory Fees	Annual spectrum fees
Gateway Licence (GSM or Fixed Line)	D100,000.00	Duration is tied to the duration of operational license	\$25,000.00	Up to 1.5% of annual turnover charged under operational Licence	N/A
Gateway Licence (ISP)	D100,000.00	Duration is tied to the duration of operational Licence	\$10,000.00	Up to 1.5% of annual turnover charged under operational license	N/A

B3. Internet Service Providers (ISP)

Licence category	Application Fees	Licence Duration (Years)	License/authorization Fees	Annual Regulatory Fees	Annual spectrum fees
Internet Service Providers (Nationwide)	D100,000.00	10	\$3,000.00	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)
Internet Service Providers (Exclusive Rural)	D50,000.00	10	\$1,500.00	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)
Public Wi-Fi / Hotspot Provider	D25,000	5	\$1,000.00	Up to 1.5% of annual turnover	See Note 1 (Schedule 2) If applicable

Note: Public Wi-Fi or hotspot service providers shall be classified as a category of Internet Service Providers for the purposes of these Regulations, subject to simplified licensing and fee requirements.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

B4. Wireless Cellular Operators (MNO's)

Licence Category	Application Fees	Duration of Licence	License/authorization Fees	Annual Regulatory Fees	Annual Spectrum Fees
GSM Cellular Operators	D150,000	20	\$1,000,000	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)
Fixed Wireless Network (voice)	D100,000	10	\$500,000	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)
MVNO	D150,000	10	\$150,000	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)
Value Added Service Provider	D75,000	5	\$10,000	Up to 1.5% of annual turnover	See Note 1 (Schedule 2)

PART C — SPECIALISED TELECOMMUNICATION SERVICES

C1. HF/VHF/UHF Fixed & Land Mobile Services

Licence category	Application Fees	Duration of Licence (Years)	Annual Equipment Fee (GMD)	License/authorization Fees	Annual Regulatory Fees	Annual spectrum fees
HF Fixed & Land Mobile Station (per Base Station / Repeater / Handset)	D10,000.00	1	5000.00 per Handset 10,000.00 per Base Station, In car Mobile or Repeater	D5,000.00	N/A	6,000.00 per Simplex Channel 10,000.00 per Duplex Channel
VHF Fixed & Land Mobile Station (per Base Station / Repeater / Handset)	D10,000.00	1	5000.00 per Handset 10,000.00 per Base Station, In car Mobile or Repeater	D5,000.00	N/A	6,000.00 per Simplex Channel 1-10,000.00 per Duplex Channel
UHF/SHF Fixed & Land Mobile Stations (per Base Station / Repeater / Handset)	D10,000.00	1	5000.00 per Handset 10,000.00 per Base Station, In car Mobile or Repeater	D2,500.00	N/A	6,000.00 per Simplex Channel 10,000.00 per Duplex Channel

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

Amateur Radio authorization	D5,000.00	1	N/A	D5,000.00	N/A	N/A
Citizens Band Radio Station	D5,000.00	1	N/A	D5,000.00	N/A	N/A

C2. Maritime Radiocommunication Services

Category	Application Fees	Duration of License	License/authorization Fees (GMD)	Annual MMSI Number & Call Sign Fee (GMD)	Annual spectrum fees (GMD)
Marine HF & VHF Fixed & Mobile Stations	D10,000	1	30,000.00	50,000.00	25,000.00

C3. Aeronautical Services Services

Licence Category	Application Fees (GMD)	Duration of Licence (GMD)	Licence /Authorization Fee (GMD)	Annual Equipment Fee (GMD)	Annual Regulatory Fee (GMD)	Annual Spectrum Fees (GMD)
Aeronautical HF/VHF/UHF Fixed & Mobile Stations	20,000.00	1	30,000	6000.00 per Handset 10,000.00 per Base Station, in car Mobile or Repeater	N/A	15, 000.00 oer Simpex and 40,000.00 per Duplex
Aeronautical Stations – Commercial (Control Stations)	20,000.00	1	30,000	6000.00 per Handset, 10000.00 per Base Station. In car Mobile or Repeater.	N/A	15, 000.00 oer Simpex and 40,000.00 per Duplex
Aeronautical Ground Stations (Airlines)	20,000.00	1	30,000	6000.00 per Handset, 10,000.00 per Base Station. In car Mobile or Repeater.	N/A	15, 000.00 oer Simpex and 40,000.00 per Duplex

PART D — DIGITAL DIVIDEND LICENCE FEES

Band	Licence Duration	K-Factor	Bandwidth	Annual Spectrum Fee	Annual Regulatory Fee
800 MHz (DD1)	Same as operational licence	7	10 MHz	D4,200,000	Up to 1.5% of turnover

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

700 MHz (DD2)	Same as operational licence	6	10 MHz	D3,600,000	Up to 1.5% of turnover
---------------	-----------------------------	---	--------	------------	------------------------

NOTES

- (1) Annual spectrum fees referenced under Broadcasting, ISP, and Backbone licences shall be calculated in accordance with Schedule 2 (Spectrum Fees).
- (2) Where applicable, equipment fees are payable in addition to regulatory and spectrum fees.
- (3) Where spectrum is assigned exclusively for rural or underserved areas, the Authority may apply a reduced band factor to promote universal access.
- (4) The Authority may issue supplementary guidelines to clarify the application of this Schedule.

Draft

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 2 — SPECTRUM FEES

(To the PURA Unified Fees Regulations, 2026)

Made under Regulations 9, 23 and 39 of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026

PART I — INTERPRETATION

1. Interpretation

In this Schedule,—

“**assignment fee**” means the one-time fee payable for initial allocation, renewal, or variation of spectrum assigned by the Authority;

“**annual usage fee**” means the recurring fee payable for the continued use of assigned spectrum;

“**band factor (F_1)**” means the multiplier applied to reflect congestion, scarcity, and propagation characteristics of a specific frequency band;

“**bandwidth factor (F_2)**” means the multiplier applied to reflect the technical load or capacity of the bandwidth assigned;

“**earth station**” includes a VSAT terminal, satellite gateway, hub, teleport, or any earth-based installation used for satellite uplink or downlink transmission;

“**link**” means a radiocommunication path established between two fixed stations;

“**MHz**” means megahertz of assigned bandwidth;

“**uplink**” means transmission from an earth station to a satellite;

“**downlink**” means transmission from a satellite to an earth station; and

“**unit price (U)**” means the base unit applicable to link fee calculations as defined in Part III.

Words and expressions defined in the Regulations have the same meaning when used in this Schedule.

PART II — GENERAL PRINCIPLES

- (1) A licensee assigned radio frequency spectrum shall pay—
 - a. spectrum assignment fees;

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- b. annual spectrum usage fees;
 - c. link fees for fixed and microwave systems;
 - d. satellite earth station fees; and
 - e. temporary spectrum assignment fees.
- (2) Spectrum fees shall reflect—
- a. scarcity, congestion, and propagation characteristics;
 - b. bandwidth assigned;
 - c. the nature and geographic scope of the service;
 - d. interference management requirements; and
 - e. public interest and regulatory considerations.
- (3) Spectrum fees are payable in addition to licence fees prescribed under Schedule 1.
- (4) Unauthorised use of spectrum constitutes a breach and is subject to penalties under Part IV of these Regulations.

PART III — ASSIGNMENT FEES

The following one-time fees apply upon initial assignment, renewal, or variation of spectrum—

Frequency Band / Service	Assignment Fee	Notes
FM Radio (88–108 MHz)	As determined by the Authority	Per channel
VHF/UHF Television Broadcasting	As determined by the Authority	Per 8 MHz block
GSM/UMTS/LTE Mobile Spectrum (700/800/900/1800/2100 MHz)	As per national mobile spectrum assignment framework	Per MHz
Fixed Wireless Access (FWA)	D20,000,000	10-year licence
Microwave & Fixed Links	As calculated using Part IV	Per link
Satellite Uplink/Downlink Bands (C/Ku/Ka)	As determined by Authority	Per earth station

PART IV — ANNUAL SPECTRUM USAGE FEES

Broadcasting Spectrum

Band	Annual Fee	Notes
FM Radio (88–108 MHz)	As calculated using the Access Spectrum Fee Formula under this Part	Per transmitter
VHF/UHF Television	As determined by the Authority	Per 8 MHz block

Fixed Links & Microwave Systems (Link Fees)

Formula for Microwave Link Fee

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

The annual fee for each microwave or fixed link shall be calculated as:

$$\text{Annual Link Fee} = U \times F_1 \times F_2 \times N$$

Where—

- U = Unit price (D5,000)
- F₁ = Band Factor
- F₂ = Bandwidth Factor
- N = Number of RF channels

Band Factors (F₁):

Band	F ₁
5 GHz	0.3
4.8 GHz	0.45
6–8 GHz	1.0
10–11 GHz	0.9
13 GHz	0.8
15 GHz	0.7
19–25 GHz	0.5
25–30 GHz	0.4

Bandwidth Factors (F₂):

Bandwidth	F ₂
3.5 MHz	1
7–10 MHz	3
14 MHz	4
20 MHz	6
27–28 MHz	8
56 MHz	16

Illustrative example for explanatory purposes only. Actual fees shall be calculated strictly using the formula prescribed in this Schedule:

13 GHz band, 27–28 MHz, 8 channels:
5,000 × 0.8 × 8 × 8 = D256,000 per annum

Note: Where there is any ambiguity in the application of the formula, the Authority shall determine the applicable fee based on the assigned band, bandwidth, and number of channels to ensure consistency with the prescribed fee structure.

Access Spectrum Fees

Access Frequencies Fee Formula

Annual access spectrum fees shall be calculated as:

$$\text{Annual Fee} = U \times B \times K$$

Where—

- U = Unit Price:

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- **Tier 1** Greater Banjul Area (GBA): D40,000 per MHz
- **Tier 2** Provinces (Rural Areas): D25,000 per MHz
- **B** = Assigned Bandwidth (MHz)
- **K** = Band Factor

Band Factors (K):

Band	K
3.3–3.8 GHz	0.3
1.9–2.1 GHz	1.5
1.8 GHz	1.3
900 MHz	1.25
470–698 MHz	0.5
FM (87.5–108 MHz)	1.4
5 GHz	0.05
700 MHz (DD2)	6
800 MHz (DD1)	7

Illustrative Example (Non-binding):

GBA, 20 MHz in 3.5 GHz:

$40,000 \times 20 \times 0.3 = D240,000$ per annum

Note: All spectrum fees calculated under this Schedule shall be rounded to the nearest dalasi.

PART V — SATELLITE SPECTRUM FEES

Earth Segment

Category	Assignment Fee	Annual Fee
VSAT Terminal	USD 400	USD 1,000 per terminal
Corporate/NGO/Embassy VSAT	USD 400	USD 1,000 per terminal
VSAT Hub/Gateway/Teleport	USD 2,000	USD 1,500 per station
Educational VSAT	USD 100	USD 100 per terminal

Space Segment (Landing Rights)

Category	Application Fee	Licence Fee
FSS Landing Rights	USD 1,000	USD 10,000 (10-year term)
Non-FSS Landing Rights	USD 1,000	USD 10,000

PART VI — DIGITAL DIVIDEND SPECTRUM

Band	K-Factor	Annual Spectrum Fee (per 10 MHz)
800 MHz (DD1)	7	D2,100,000
700 MHz (DD2)	6	D1,800,000

Annual regulatory fees apply separately as per Schedule 1.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

PART VII — HF/VHF/UHF & MARITIME SPECTRUM FEES

Land Mobile Services

Category	Annual Spectrum Fee
Simplex Channel	D3,000
Duplex Channel	D6,000

Maritime Services

Category	Annual Spectrum Fee
Marine HF & VHF Stations	D20,000
MMSI Allocation	D20,000
Callsign Allocation	D20,000

PART VIII — TEMPORARY ASSIGNMENTS

Category	Fee
Temporary or special event broadcast	D5,000 per assignment
Temporary experimental link	D10,000
Emergency assignments	As determined by the Authority

DRAFT

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

**SCHEDULE 3 — ICT INFRASTRUCTURE, PASSIVE
INFRASTRUCTURE, RADIO COMMUNICATIONS
EQUIPMENT & TYPE APPROVAL FEES**

(Made under Regulations 9, 13 and 15 of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the fees applicable to the installation, operation, importation, certification, registration, inspection, and approval of ICT infrastructure, passive infrastructure assets, radio communications equipment, and telecommunications devices in The Gambia.

Unless otherwise stated, all licensees under this Schedule shall pay an **annual regulatory fee of up to 1.5% of annual turnover**.

PART A — INTERPRETATION

In this Schedule, unless the context otherwise requires:

“ICT infrastructure provider” means a person who owns, operates or manages communications towers, masts, poles, ducts, fibre infrastructure, shelters, rights-of-way or other passive infrastructure for provision to licensees or third parties.

“passive infrastructure” means physical structures including towers, masts, poles, ducts, manholes, handholes, fibre access chambers, shelters, power systems and similar physical assets that support ICT services.

“radio communications equipment” means any device capable of transmitting or receiving radiofrequency signals, including mobile stations, microwave radios, broadcast transmitters, satellite terminals, IoT devices, and fixed radio equipment.

“type approval” means the process by which the Authority certifies that equipment complies with applicable technical, safety, electromagnetic compatibility and spectrum-use standards for operation in The Gambia.

“microwave link” means a point-to-point or point-to-multipoint wireless transmission path operating in licensed or license-exempt frequency bands.

“infrastructure sharing” means the use of passive or radio equipment facilities by more than one licensee as permitted or required under applicable regulations.

PART B — APPLICATION FEES

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

Category	Application Fee
ICT Infrastructure Provider Licence	D25,000
Tower or Mast Registration (per structure)	D5,000
Application for Type Approval (per device model)	USD200
Radio Communications Equipment Authorization (per equipment model)	D2,500
Microwave Link Registration (per link)	D5,000

PART C — TRANSITIONAL & SAVING PROVISIONS

- (1) Existing infrastructure operators shall register all towers, masts, radio sites, and passive infrastructure with the Authority within six (6) months of commencement of this Schedule.
- (2) All existing microwave links, radio equipment, and transmission sites shall be regularised under this Schedule within six (6) months from commencement.
- (3) Type approval certificates issued prior to the commencement of this Schedule remain valid until their expiry, unless otherwise revoked in accordance with applicable regulations.
- (4) Any conflict between this Schedule and a previous fee instrument relating to ICT infrastructure, passive infrastructure, or radio communications equipment shall be resolved in favour of this Schedule.
- (5) The Authority may introduce additional categories of infrastructure or equipment for licensing or approval, provided such additions are consistent with the enabling Act and these Regulations.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

**SCHEDULE 4 — NUMBERING RESOURCES & NUMBERING
FEES**

(Made under Regulation 15(2) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the application fees, annual usage fees, and other charges applicable to numbering resources administered by the Authority.

Unless otherwise determined by the Authority, numbering resource fees shall be applied in accordance with cost recovery, efficient utilisation, and public interest principles.

PART A — INTERPRETATION

In this Schedule, unless the context otherwise requires:

“**numbering resource**” means any number, number range, short code, USSD code, signalling point code, or any other numbering assignment administered by the Authority;

“**number block**” means a group of consecutive telephone numbers allocated as a single unit;

“**short code**” means a short dialling sequence used for service access, value-added services, or public services;

“**premium rate number**” means a number used for value-added services where enhanced charges apply;

“**M2M/IoT numbering**” means numbering resources assigned for machine-to-machine or Internet-of-Things communications;

“**USSD code**” means a code used for interactive mobile services;

“**toll-free number**” means a number for which the calling party is not charged.

PART B — APPLICATION FEES FOR NUMBERING RESOURCES

Application Type	Application Fee (GMD)
Application for Numbering Resource Allocation (per request)	D75,000
Application for Short Code / USSD Code	D10,000
Application for Premium Rate Number	D10,000
Reservation of Numbering Resources	D25,000

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

PART C — ANNUAL NUMBERING RESOURCE FEES

C1. General Rule

- (1) A licensee allocated numbering resources shall pay annual fees for the use of such resources.
- (2) The fees under this Part are intended to—
 - (a) recover the cost of planning, administration, management and control of numbering resources; and
 - (b) promote efficient and rational utilisation of numbering resources.

C2. Basis of Calculation

The annual fee payable shall be determined by the Authority based on—

- (a) the quantity of numbering resources allocated to the licensee;
- (b) the utilisation level of such numbering resources;
- (c) the category and structure of numbering resources; and
- (d) any weighting applied to reflect scarcity, demand, or economic value.

C3. Fee Ranges

The applicable fee ranges shall be as follows:

Numbering Resource Type	Fee Range
7 to 9 Digit Numbers (Fixed & Mobile)	D1.0 – D10.00 per number per annum

C4. Allocation-Based Charging

- (1) Fees may be assessed on numbering resources allocated to a licensee, including numbers—
 - (a) in active use;
 - (b) assigned or reserved; or
 - (c) allocated but not yet activated, where applicable.
- (2) The Authority may apply differentiated charging approaches for—
 - (a) mobile numbering resources;
 - (b) fixed numbering resources;
 - (c) M2M / IoT numbering;
 - (d) premium numbering categories; and
 - (e) any other specialised numbering resource.

PART D — SHORT CODES AND SPECIAL NUMBERS

Category	Annual Fee (GMD)
-----------------	-------------------------

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

Short Codes (including USSD and service access codes)	D25,000
Premium or Value-Added Service Codes	D50,000

PART E — OPERATOR AND SIGNALLING IDENTIFIERS

Resource Type	Annual Fee (GMD)
Network and Signalling Identifiers (including MNC, SPC and related codes)	D100,000

PART F — TOLL-FREE NUMBERS

Category	Application Fee (GMD)	Annual Fee (GMD)
Toll-Free Number	D5,000	D7,500 per number

**PART G — ANNUAL DETERMINATION, NOTIFICATION AND
PAYMENT**

- (1) The Authority shall determine the applicable numbering fees on an annual basis.
- (2) The Authority shall notify each Licensee of the fees payable.
- (3) Fees shall be payable within the period specified in the invoice issued by the Authority.
- (4) In determining the applicable fees, the Authority may take into account—
 - (a) total cost of numbering resource management;
 - (b) utilisation trends;
 - (c) scarcity of numbering resources; and
 - (d) any over-recovery or under-recovery from previous periods.

PART H — EXEMPTIONS

The following numbering resources shall be exempt from annual fees—

- (a) emergency service numbers;
- (b) public safety and national security numbers;
- (c) social service numbers designated by the Authority;
- (d) government essential service numbers; and
- (e) any numbering resource exempted by the Authority in the public interest.

PART I — TRANSITIONAL PROVISIONS

- (1) All numbering resources allocated prior to the commencement of this Schedule shall be regularised within six (6) months.
- (2) Any numbering-related fee or administrative practice previously applied by the Authority shall, from the commencement of these Regulations, be governed by this Schedule.
- (3) The Authority may issue guidelines to facilitate the transition to this framework.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

**SCHEDULE 5 - GATEWAY TRAFFIC MEASUREMENT AND
REVENUE ASSURANCE SYSTEM FEES**

(Made under Regulation 37(1) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the fees applicable to the implementation, operation and maintenance of the Gateway Traffic Measurement and Revenue Assurance System (GTMRAS) as established under the GTMRAS Regulations, 2025.

1. Interpretation

(1) In this Schedule –

- a. **“Gateway Regulations”** means the Gateway Traffic Measurement and Revenue Assurance System Regulations, 2025;
- b. **“management fees”** has the meaning given in the Gateway Regulations and refers to the fee imposed on operators to meet the operational cost of the Gateway Traffic Measurement and Revenue Assurance System;
- c. **“revenues”** has the meaning given in the Gateway Regulations and refers to the total income generated through the business activities of monitored licensees, including proceeds from recharge sales, subscription fees, usage charges and other service-related earnings.

(2) Terms used in this Schedule that are defined in the Gateway Regulations shall have the same meaning as in those Regulations.

2. Management fee rate and allocation

(1) For the purposes of the Gateway Regulations, a management fee of 2.2% shall be applied to the revenues of each operator to whom those Regulations apply.

(2) The management fee of 2.2% shall be allocated as follows –

- a. 0.3% – payable to PURA as management fees for its regulatory and oversight functions in respect of the monitored Mobile Network Operators per annum;
- b. 1.85% – payable to SICPA (the Partner) for the implementation and operation of the telecom component of the System under the contract between the Government and SICPA;
- c. 0.05% – payable to the Government of The Gambia.

(3) The management fee under this Schedule shall be in addition to any annual regulatory fees payable under Part IV and the relevant Sector Schedules of these Regulations.

3. Declaration, billing and payment

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (1) Operators subject to the Gateway Regulations shall declare their revenues, file returns and remit management fees in the manner and within the timelines prescribed under the Gateway Regulations.
- (2) The Authority shall bill, collect and account for the management fees in accordance with regulation 14 and regulation 15 of the Gateway Regulations, including any requirement to indicate the number of calls, number of minutes, percentage applied and amount owed on each invoice.
- (3) Late payments shall attract the penalties provided for in the Gateway Regulations and in the Authority's Enforcement Regulations.

4. Review and adjustment of the management fee

- (1) The Authority shall conduct an annual reconciliation and review of the management fee in partnership with Government and the Partner, in accordance with the Gateway Regulations, taking into account revenues collected, capital and operating costs of the System and the objectives of the Gateway Regulations.
- (2) Following such review, the Authority may recommend to the Minister an adjustment to the management fee rate, subject to the procedures and limitations set out in the Gateway Regulations.

Draft

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 6 — PETROLEUM SECTOR FEES

(Made under Regulation 34(1) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the application fees, licence fees, annual regulatory fees, and other charges applicable to downstream petroleum activities regulated by the Authority.

Except where otherwise specified, licensees under this Schedule shall pay an **annual regulatory fee of up to 1.5% of annual turnover** in accordance with Part IV of these Regulations.

Where a **sector-specific regulatory levy** is prescribed, such levy shall apply in place of the **turnover-based regulatory fee**.

PART A — PETROLEUM IMPORTATION AND RE-EXPORT

Category	Application Fee	Licence Fee	Annual Regulatory Fee	Notes
Petroleum Importation Licence	D50,000	D500,000	Up to 1.5% of turnover	Payable annually
Petroleum Re-Export Licence	D25,000	D150,000	N/A	No domestic market activity

PART B — BULK STORAGE OPERATIONS

Category	Application Fee	Licence Fee	Annual Regulatory Fee	Notes
Bulk Petroleum Storage Facility Licence	D100,000	D1,500,000	Up to 1.5% of turnover	Applies to depots and storage terminals

PART C — PETROLEUM RETAIL & DISTRIBUTION

Note: Regulatory oversight for petroleum retail operations is financed through the petroleum regulatory levy applied at the point of importation under Part G of this Schedule.

Category	Application Fee	Licence Fee	Annual Regulatory Fee
Petroleum Retail Licence	D25,000	D100,000	Covered under Petroleum Regulatory Levy (Part G)

PART D — LIQUEFIED PETROLEUM GAS (LPG)

Category	Application Fee	Licence Fee	Annual Regulatory Fee	Notes
----------	-----------------	-------------	-----------------------	-------

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

LPG Importation / Distribution Licence	D5,000	D25,000	Up to 1.5% of turnover	Includes LPG bottling, storage, distribution
--	--------	---------	------------------------	--

PART E — PETROLEUM TRANSPORT (TANKERS)

Category	Application Fee	Licence Fee	Annual Regulatory Fee	Notes
Petroleum Bulk Transport Operator	D5,000	D15,000	N/A	Regulatory cost embedded in supply chain

PART F — PERMITS, SPECIAL OPERATIONS & ANCILLARY ACTIVITIES

F1. Own-Use Installations

Category	Application Fee	Authorization Fee	Annual Regulatory Fee
Own-Use Petroleum Installation (N/A to diplomatic missions)	D5,000	D25,000	N/A

F2. Waste Oil Recycling

Category	Application Fee	Licence Fee	Annual Regulatory Fee
Waste Oil Recycling Facility	D10,000	D100,000	Up to 1.5% of turnover

F3. Premix Fuel

Category	Application Fee	Licence Fee	Annual Regulatory Fee
Premix Fuel Importation & Retail Licence	D1,000	D5,000	Up to 1.5% of turnover

F4. Site Assessment and Approval Fees

Category	Application Fee (GMD)
Site Assessment for Petroleum Retail Station	15,000
Site Assessment for Bulk Storage Facility	25,000
Site Assessment for Construction Permitting	25,000

PART G — PETROLEUM REGULATORY LEVY (IMPORT-BASED)

- (1) A regulatory levy of fifteen bututs (D0.15) per litre shall be applied to all petroleum products imported into The Gambia for domestic consumption.
- (2) The levy shall—

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (a) be assessed based on the total volume of petroleum products imported; and
 - (b) be collected at the point of importation through the The Gambia Revenue Authority (GRA) or such other mechanism as may be designated by Government.
- (3) The levy collected under this Part shall constitute the annual regulatory fee for downstream petroleum activities, including retail operations, for the purposes of Part IV of these Regulations.
- (4) Accordingly—
- (a) petroleum retail operators shall not be subject to turnover-based annual regulatory fees under Regulation 23; and
 - (b) no separate regulatory levy shall be imposed on retail outlets in respect of volumes already subject to the levy under subparagraph (1).
- (5) The Authority may—
- (a) reconcile levy collections with import data;
 - (b) obtain relevant data from the Gambia Revenue Authority or other competent bodies; and
 - (c) issue guidelines to ensure transparency and accountability in the administration of the levy.

PART H — GENERAL AND TRANSITIONAL PROVISIONS

- (1) All existing petroleum licences and permits issued prior to the commencement of these Regulations shall remain valid until expiry, subject to compliance with these fees.
- (2) Any category of downstream petroleum activity not expressly listed in this Schedule shall be assigned a fee by the Authority consistent with comparable categories.
- (3) Activities outside the downstream petroleum value chain including crude oil exploration, drilling, midstream processing, and crude oil refining **are not regulated by the Authority** and shall not form part of this Schedule.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 7 — ELECTRICITY SECTOR FEES

(Made under Regulation 34(1) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the **application fees, licence fees, annual regulatory fees, and inspection fees** applicable to activities regulated under the **Electricity Act, 2005** and the **Renewable Energy Act, 2013**.

Unless otherwise stated, all licensees are subject to an **annual regulatory fee of up to 1% of annual turnover**.

PART A — INTERPRETATION

In this Schedule, unless the context otherwise requires:

“**Installed capacity**” means the rated maximum capacity (MW) of a generation facility.

“**Generation licence**” means a licence issued to generate electricity for sale to the grid, to a distribution licensee, or to consumers.

“**Renewable energy generator**” means a generator using solar, wind, hydro, biomass, biogas, geothermal or other renewable sources.

“**Captive generator**” means a generator installed primarily for the licensee’s own use.

“**Embedded generator**” means a generator connected to a distribution network and not directly to the transmission system.

“**Mini-grid operator**” means an operator licensed to generate and distribute electricity within a limited geographical area.

“**System operator**” means a person licensed to dispatch generation and ensure system security.

“**Net-metering operator**” means a customer-generator authorised to export excess renewable energy to a distribution network.

“**turnover**” means gross revenue as defined in Regulation 4 of these Regulations.

PART B — APPLICATION FEES

B1- Conventional Energy

Licence / Permit Category	Application Fee (GMD)	Licence Fee (GMD)
Generation Licence (Conventional)	D50,000	D500,000

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

Transmission Licence	D25,000	D500,000
Distribution Licence	D25,000	D300,000
System Operator / Dispatch Licence	D20,000	D100,000
Amendment or Renewal of any Electricity Licence	D20,000	N/A

B2- Renewable Energy

Licence / Permit Category	Application Fee (GMD)	Licence Fee (GMD)
Generation Licence (Renewable)	D5,000	D50,000
Transmission Licence	D5,000	N/A
Distribution Licence	D5,000	N/A
Mini-Grid Operator Licence	D5,000	N/A
Net-Metering Registration	D5,000	N/A
Amendment or Renewal of any Electricity Licence	D5,000	N/A

PART C — ANNUAL REGULATORY FEES

C1. General Rule

Unless otherwise provided in this Schedule, every Licensee shall pay an annual regulatory fee of up to one point five per cent (1.5%) of annual turnover, payable in such manner and at such intervals as the Authority may determine.

C2. Special Provision for the National Water and Electricity Company (NAWEC)

Notwithstanding paragraph C1—

- (1) The annual regulatory fee applicable to the National Water and Electricity Company (NAWEC) shall be calculated as:

$$\text{Annual Regulatory Fee} = \text{Applicable Rate} \times (\text{Turnover} - \text{Cost of Sales})$$

C3. Definition of Cost of Sales

For the purposes of this Schedule, “cost of sales” means the direct costs attributable to the generation, purchase and supply of electricity, including—

- (a) fuel and energy purchase costs;
- (b) electricity generation costs;
- (c) electricity import or bulk purchase costs;
- (d) direct operational costs of power generation plants; and
- (e) any other cost directly attributable to the production and supply of electricity as may be approved by the Authority;

but excludes—

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

- (a) administrative and overhead expenses;
- (b) staff salaries not directly related to electricity production;
- (c) financing costs, interest, or loan repayments;
- (d) depreciation and amortisation; and
- (e) any other cost not directly attributable to electricity generation or supply.

C4. Submission and Verification

- (1) NAWEC shall submit, together with its audited financial statements, a detailed breakdown of cost of sales.
- (2) The Authority may review, verify, adjust or disallow any component of cost of sales that does not comply with paragraph C3.

C5. Exemptions

Own-use (captive) generators shall be exempt from annual regulatory fees under this Schedule.

PART D — TRANSITIONAL AND SAVING PROVISIONS

- (1) Licences issued before the commencement of this Schedule shall remain valid until expiry, subject to compliance with these fees.
- (2) The Authority may introduce additional fees for new electricity-sector activities consistent with this Schedule.
- (3) In case of conflict with any prior fee instrument relating to electricity sector fees issued by the Authority, this Schedule shall prevail.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 8 — WATER SECTOR FEES

(Made under Regulation 34(1) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the application fees, licence fees, annual regulatory fees, and inspection fees applicable to water utility services regulated by the Authority under the applicable water sector legislation in The Gambia.

Unless otherwise stated, every Licensee under this Schedule shall pay an **annual regulatory fee of up to 0.8% of annual turnover**.

PART A — INTERPRETATION

In this Schedule, unless the context otherwise requires:

“estate or community water system” means a privately-operated piped water system serving an estate, gated community, residential development, or similar area where water is supplied to consumers for payment.

“retail water supply operator” means a person licensed to sell piped water directly to consumers at the point of consumption.

“retail Water Supply Licence” means a licence issued to a person authorised to supply piped water directly to end-users within a defined service area where the water supply sector operates on a separated production, distribution, and retail supply structure.

“water production” means the abstraction, treatment, or processing of water for supply to a regulated water distribution system.

“water distribution” means the conveyance and delivery of water through a network of pipelines or other fixed infrastructure to consumers or retail suppliers.

“water utility service” means the production, treatment, distribution, or retail supply of water through a utility system serving the public or a defined service area.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

PART B — APPLICATION FEES

Category	Application Fee (GMD)	Licence Fee (GMD)
Water Production and Treatment Licence (e.g. NAWEC)	D50,000	D200,000
Bulk Water Distribution Licence	D25,000	D150,000
Estate / Community Water System	D10,000	D50,000
Amendment or Renewal of Licence	D5,000	N/A

PART C — ANNUAL REGULATORY FEES

Every Licensee under this Schedule shall pay an **annual regulatory fee of up to 0.8% of annual turnover**, payable quarterly or as prescribed by the Authority.

PART D — EXEMPTIONS

The following are not subject to licensing or fees under this Schedule:

- (1) Household water supply systems serving a single dwelling.
- (2) Community wells or non-commercial water points.
- (3) Charitable or humanitarian water supply operations not conducted for profit.
- (4) Water bottling, packaged water production, or other water products regulated under public health or food safety laws.

PART E — TRANSITIONAL & SAVING PROVISIONS

- (1) Licences issued before the commencement of this Schedule remain valid until expiry, subject to compliance with these fees.
- (2) Existing private water utility operators shall comply with this Schedule within six (6) months of commencement.
- (3) The Authority may prescribe additional fees for new water utility service activities consistent with the Act.
- (4) Where there is a conflict between this Schedule and any previous water fee instrument, this Schedule prevails.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 9 — SEWERAGE SECTOR FEES

(Made under Regulation 34(1) of the Public Utilities Regulatory Authority (Unified Fees) Regulations, 2026)

This Schedule prescribes the application fees, licence fees, annual regulatory fees, and inspection fees applicable to sewerage utility services regulated by the Authority under applicable sanitation legislation in The Gambia.

Unless otherwise stated, all licensees shall pay an **annual regulatory fee of up to 0.8% of annual turnover**.

PART A — INTERPRETATION

In this Schedule, unless the context otherwise requires:

“**sewerage services**” means the collection, conveyance, treatment, and disposal of wastewater through a sewer network or approved treatment facility.

“**sewer network operator**” means a person authorised to operate and maintain a sewerage collection and conveyance system serving the public or a defined service area.

“**sewerage treatment plant operator**” means a person authorised to operate a wastewater treatment facility receiving sewage from a sewerage network.

“**sewerage utility service**” means the operation of sewer networks or wastewater treatment facilities for the collection, treatment, and disposal of sewage from consumers.

PART B — APPLICATION FEES

Category	Application Fee (GMD)
Sewer Network Operator Licence (eg. NAWEC)	D25,000
Sewerage Treatment Plant Operator Licence	D20,000
Amendment or Renewal of Licence	D5,000

PART C — SEWER NETWORK & SEWERAGE SYSTEM LICENCE FEES

Category	Annual Licence Fee (GMD)
Sewer Network Operator (e.g. national utility)	D150,000
Private Sewer Network Operator	D75,000

PART D — SEWERAGE TREATMENT PLANT LICENCE FEES

Category	Annual Licence Fee (GMD)
Large Sewerage Treatment Plant	D100,000
Small / Medium Sewerage Treatment Plant	D50,000

PART E — ANNUAL REGULATORY FEES

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

Every Licensee under this Schedule shall pay an annual regulatory fee of up to 0.8% of annual turnover, payable quarterly or as determined by the Authority.

PART F — EXEMPTIONS

The following activities are not subject to licensing under this Schedule:

- (1) Household septic tanks or private sanitation facilities.
- (2) Community pit latrines and non-commercial sanitation facilities.
- (3) NGO or humanitarian sanitation services not conducted for profit.
- (4) Septic tank desludging or vacuum truck sanitation services regulated under municipal or environmental laws.
- (5) Industrial wastewater discharge regulated under environmental protection laws.

PART G — TRANSITIONAL & SAVING PROVISIONS

- (1) Existing sewerage utility operators shall comply with this Schedule within six (6) months of commencement.
- (2) Licences issued prior to the commencement of this Schedule remain valid until expiry.
- (3) Where a conflict arises between this Schedule and any previous sewerage fee instrument issued by the Authority, this Schedule prevails.
- (4) The Authority may prescribe additional fees for new sewerage utility services consistent with the Act.

**PUBLIC UTILITIES REGULATORY AUTHORITY (UNIFIED FEES) REGULATIONS,
2026**

SCHEDULE 10 – REVENUE DECLARATION FORM

(Made under Regulation 24(2)(d) and Regulation 23 of the PURA (Unified Fees) Regulations,
2026)

This Form shall be completed by every licensee submitting audited financial statements or management accounts in accordance with Part IV of these Regulations. A separate Form must be completed for each licensed service where a licensee holds multiple authorisations.

**PUBLIC UTILITIES REGULATORY AUTHORITY (PURA)
REVENUE DECLARATION FORM**
